What is El Camino?

The Camino de Santiago is considered as one of the 3 major Christian pilgrimages in the world. Every year thousands of people from all nations walk the Camino, which ends up in Santiago de Compostela, Galicia.

Some of them are looking for a sport adventure, an opportunity to make international friends or to refresh their Catholic faith...

And some of them are in search, with no specific religion or spirituality, seeking to take a breath and think about the meaning of life, ready to hear the Gospel too.

OPPORTUNITIES

WEC will take you to walk part of the routes and to serve in hospitality
