What is El Camino?

The Camino de Santiago is considered one of the 3 major Christian pilgrimages in the world. Every year, thousands of people from all nations walk the Camino, which finishes in Santiago de Compostela, Galicia.

Some of them are looking for a sport adventure, an opportunity to make international friends or to refresh their Catholic faith...

And others are in search, with no specific religion or spirituality, seeking to take a breath and think about the meaning of life, ready to hear the Gospel too.
